Rosters, sign-in, and consent

📋 Sign-in / sign-out sheet

- Daily sheet, provided by MetAiBlock.
- Built from the registration roster.
- Sign-in column and sign-out column per child.
- This is our program, so our roster and check-in govern.

METAIBLOCK

✓ Parent consent

- Collected by the City at registration and sign-up.
- Covers tools and recording use.
- Handled inside the City sign-up flow.
- Our consent content feeds that flow.

CITY OF MIRAMAR

Pickup and ID verification

🔐 The daily release rules

Saturday 1 On Nov 14, every parent comes in and shows photo ID to be verified.

Ongoing The City keeps an authorized-pickup list per child.

Each Saturday The parent signs the child out and speaks with the teacher at the door.

No valid ID or not on the list means no release.

Supervision

👀 Kids are never out of the teachers' sight

MetAiBlock's Broward-certified teachers supervise the students the entire day. Small-group, always in view.

MetAiBlock is responsible for having its staff on site for the full period.

🚻 Bathrooms

- Kids are never out of the teachers' sight.
- Use the outside single-door bathrooms.
- Run scheduled group breaks.
- A teacher accompanies the group each time.

● METAIBLOCK

🍽️ Lunch and breaks

- Scheduled set times each Saturday.
- MetAiBlock provides the daily skeleton.
- The City arranges lunch for each camp Saturday.

● CITY FOOD · ● METAIBLOCK SCHEDULE

Daily skeleton (structure)

TIME	BLOCK	NOTES
9:00am	Arrival & sign-in	Front counter, then camp room. Teachers check the roster.
Morning	Build session 1	Hands-on project work, supervised in the camp room.
[Set time]	Group break	Scheduled bathroom break, teacher accompanies the group.
[Set time]	Lunch	Scheduled set time. Food per the City meal plan (to confirm).
Afternoon	Build session 2	Continued project work, supervised in the camp room.
[Set time]	Group break	Scheduled bathroom break, teacher accompanies the group.
3:00pm	Sign-out & pickup	Parent signs the child out and speaks with the teacher at the door.

The City is timeline-driven, so exact break and lunch times get locked before Saturday 1. MetAiBlock builds the daily skeleton with those set times.
