Parent / Guardian Permission & Consent Forms

City of Miramar AI Boot Camp · Saturdays Nov 14 – Dec 12, 2026 · Ages 13–16

Draft for the City of Miramar to review and merge with its standard registration forms. This is a plain-language consent draft, not legal advice. Please have your City Attorney or risk management team review before use.

How this consent is collected: the City of Miramar gathers parent consent directly during registration and sign-up. This document is the consent content the City uses for that flow.

The program at a glance

Program: City of Miramar AI Boot Camp

Ages: Teens 13 to 16

Dates: Saturdays Nov 14, Nov 21, Dec 5 and Dec 12, 2026

Showcase: Saturday, Dec 19, 2026, 10:00 – 11:30am

Hours: 9:00am – 3:00pm each Saturday

Where: Ansin Sports Complex, City of Miramar

Registration: Through the City of Miramar

Group size: Up to 15 students, 2 certified teachers

Staff: Broward-certified, background-checked teachers

Ends with: Saturday, Dec 19 showcase (families invited)

Over four Saturdays, students work together to celebrate the diversity of the City of Miramar. They make a themed song, help build a collective story that becomes a digital comic book, and see it animated into a video. Each student takes home the album, the digital comic book, and the video.

Please read each section below. Check the box, add your initials, and sign at the end. One form per student.

1 AI Tools Use Consent

Your student will use a small set of AI tools during camp. This always happens under teacher supervision, on program-managed accounts. Students never share personal information publicly.

ChatGPT (Team)	Used by students to help build a collective story and characters. Program provides the Team account. Students do not use personal logins.
Suno	Used by students to create their themed song for the "Miramar Presents..." album.
Video / animation	Operated only by the teacher to animate the comic into a video. Students watch and direct, they do not log in.

All tools are age-appropriate (13+) and supervised at all times. Content is moderated. Accounts are program-managed. No student personal data is shared publicly.

☐ I consent to my minor child using these supervised AI tools during the camp, as described above.

_____
Initials

2 Photo / Video / Audio Release

Your student may be photographed and recorded during camp. This helps us build the deliverables and share the program's success. This release covers your student's name, likeness, voice, and the work they create.

Recordings and photos may be used for:

- The final music-video deliverable
- The December 19 showcase
- Parent and student testimonials
- City of Miramar and MetAiBlock promotion

☐ I grant permission for my student to be photographed and recorded, and for that content to be used as described above. _____ Initials

☐ **OPT-OUT (optional):** I do **not** want my student's photo, video, or voice used for promotional purposes. My child can still fully attend and take part in the camp. (Recordings still needed to build my child's own deliverables are fine.) _____ Initials

3 Student Work & Showcase

Your student will create real work during the camp: a song, a comic, and a shared video. We would love to celebrate it. These creations may be shown at the December 19 showcase and used in program and city promotion. Your student always keeps their own copy to take home.

☐ I give permission for my student's creations to be shown at the showcase and used in program and city promotion. _____ Initials

4 Responsible AI Use Acknowledgment

We teach students to use AI thoughtfully and safely. By signing, parent and student understand that:

- AI is a supervised learning tool. It is not a friend, a therapist, or a source of advice.
- AI output can be wrong. Students are taught to fact-check what the tools produce.
- Students follow a code of conduct for respectful, safe, and honest use.
- Teachers supervise all AI activity and step in when needed.

☐ My student and I have read and understand this Responsible AI Use acknowledgment.

Participation & liability acknowledgment

I understand my student will take part in camp activities and supervised use of AI tools. I confirm my student is able to take part. To the extent allowed by law, I release and hold harmless the City of Miramar, MetAiBlock, and program staff from ordinary claims arising from normal participation, except for gross negligence or willful misconduct. In an emergency, I authorize staff to seek medical care for my student if I cannot be reached right away.

[placeholder] The City to insert its standard liability, media, and emergency-medical language here.

☐ I have read and agree to the participation and liability acknowledgment above.

Initials

Code of conduct

My student agrees to treat others with respect, follow staff direction, use the AI tools responsibly, and help keep the camp safe and positive for everyone.

☐ My student and I agree to the camp code of conduct.
